Re: Notification of Increase – AWWA Gate Valve and AWWA Swing Check Valve Lines
Effective Date August 31, 2009

After completing a review of all our Product Lines and their published pricing, we have found that the pricing for our line of AWWA Gate Valves and Swing Check Valves were not in line with the established market values by the industry leaders. Therefore, we will be publishing New Price Sheets for our AWWA Gate Valves and AWWA Swing Check Valves.

Our new List Price Sheets for our Valve Products **(PL-0809-VLV)** will have an effective date of **August 31, 2009**. The new pricing will apply to all orders received on or after **August 31, 2009**. All annual municipal bids will be honored per the terms of the contract. Jobs quoted prior to August 28, 2009 will be price protected.

Along with our current valve lines, we are also pleased to announce the introduction of Post Indicator Gate Valves. We are also pleased to announce that, beginning in 2010, we will be adding “UL/FM” OS&Y Gate Valves into our inventory. These prices are already included in our New Price Sheets. Please contact us or one of your local Sales Representative for your pricing.

The new Price Sheets are now available on our website. If you are unable to access the Price Sheet through our website or have questions you would like to discuss with us, please contact us or your local Sales Representative.

On behalf of the management and staff, we thank you for your support and look forward to continue servicing your valve and fittings needs!!!

Regards,

Brian Wilbur
