Re: New Multiplier's Announcement for September 1, 2018

Please note the following;

Due to continued increases in raw material, labor, and environmental regulations, along with changing government tariffs including Section 301, we are announcing a change to our AWWA and UL/FM Valves and Hydrants multipliers. Changes will become effective September 1, 2018. The new multipliers apply only to the price sheets listed below.

- PL-0418 AWWA
- PL-0418 FP

Your current list Price Sheet will remain as is, however the new multipliers represent an increase of up to 10% and will vary by item. The new multipliers will be available by August 20, 2018.
